

# KID'S MENU LUNCH/DINNER

## Pig 411

A mother pig is called a sow, a father pig is called a boar and a baby pig is called a piglet. When a whole group get together they are called a herd.

**Pigs** have a good sense of smell. In Europe pigs are used to find truffles, (truffles are a kind of mushroom used in cooking.) Sometimes the truffles are buried up to a foot underground.

**Pigs** can scream very loud. The scream of a jet engine taking off measures 113 decibels. The scream of a frightened pig can measure 115 decibels.

**Pigs** don't shed their hair like dogs and cats do. Their hair is used in some hairbrushes.

**Pigs** are really clean animals, one of the reasons they roll in the mud is to keep themselves cool.

**Baby** Pigs have 28 teeth that fall out when they are about 12 months old. Those teeth are replaced with 44 stronger adult teeth.

**The** average pig eats about 5 pounds of food daily which adds up to about a ton of food a year. They also drink about 14 gallons of water a day.

**Pigs** tails come in three varieties, curly, kinked, or straight.
